

## Risk Assessment Worksheet

Risk	Probability (0-5)	Severity (0-5)	Total
<b>Naturally Occurring Events</b>			
Epidemic/Pandemic			
Flood			
Severe Heat			
Severe Cold/Winter Weather			
Tornadoes			
Wildfire			
Earthquake			
<b>Man-Made Events</b>			
Active Shooter/Workplace Violence			
Bomb Threat			
Fire Emergency			
Hazardous Material Release/Spill			
Information Systems Failure			
Loss of Key Staff			
Structural Damage			
Utility Outage			

The highest-ranking risks (15-25) are those you will need to include in your Emergency Contingency Services Operation Plan. You should also consider including other high-probability and/or high-severity risks in your plans (those with scores of 4 or higher in either category.)
