Instructions - Title III-B Adult Day Care Activity Plan

Determine activities for the service recipient that would encourage socialization and/or stimulation, using the completed Personal History and, with input from the service recipient. Share the Activity Plan with the service recipient for signature, and maintain a copy of the plan in the service recipient's file.

The Activity Plan is a fluid document that can be updated any time it's appropriate to do so. Updates do not require a whole new plan; simply initial and date the changes, and inform the service recipient of all changes.
